1. Company Overview

Binns Canada Ltd. is an independent provider of environmentally conscious [protective security solutions](#) including fencing systems, gates & barriers, and hostile vehicle mitigation. With over 85 years of experience, the company supports secure infrastructure for governments, industry, and institutions.

2. Our Core Services

- **Fencing Systems**

Custom-designed high-security fencing solutions for utilities, military bases, and correctional sites.

- **Gates & Barriers**

Engineered gate and barrier systems for vehicle and pedestrian access control.

- **Hostile Vehicle Mitigation (HVM)**

Certified anti-vehicle measures such as bollards and crash-rated barriers designed to stop ramming attacks.

3. End-to-End Expertise

- **Design & Site Surveys** for customized layout and risk analysis
- **Security Consulting** to align with operational needs and threat levels
- **Product Selection** based on threat level, environment, and certification
- **Code & Regulatory Compliance** across Canada and internationally

4. Industry Experience & Projects

- **Critical National Infrastructure:** substations, airports, and ports

- **Correctional Facilities:** detention centres and prisons
- **Data Centres:** protecting digital assets and IT infrastructure
- **Transport Hubs:** railway yards and transit control zones

5. Accreditations & Standards

Binns Canada Ltd. is certified in:

- ISO 9001: Quality Management
- ISO 14001: Environmental Management
- ISO 45001: Health & Safety
- Cyber Essentials
- Active member of CFIA, AFI, AFA, and FWA

6. Corporate Responsibility

Truth & Reconciliation

Ongoing support of Indigenous engagement guided by Canada's Truth and Reconciliation Commission's calls to action.

Diversity & Inclusion

Internal policies support equitable hiring, supplier diversity, and inclusive culture.

Sustainability

Use of environmentally responsible materials and carbon-aware designs in all fencing and barrier systems.

8. Testimonials

“Binns provided a perimeter solution for our facility that exceeded our expectations. The turnaround time and professionalism were top-notch.”

— *Facility Director, National Utility*

“We required hostile vehicle mitigation for a transit hub. Binns delivered both the product and the planning. Total confidence in their team.”

— *Municipal Security Coordinator*

“From consultation to installation, the Binns team was detail-oriented and reliable. Our project met security code ahead of deadline.”

— *Infrastructure Manager, Data Centre*
